

## Updating your WordSearch 11 for Mac Sierra

- 1) First make sure the program is closed
- 2) Open your Finder window. Click “Applications” on left under “Favorites” or click “Go” dropdown menu from the top of your screen and choose “Applications”. Locate “WordSearch 11” right click and Move to Trash or Drag the icon to your “Trash Can” (This process does not remove the books)

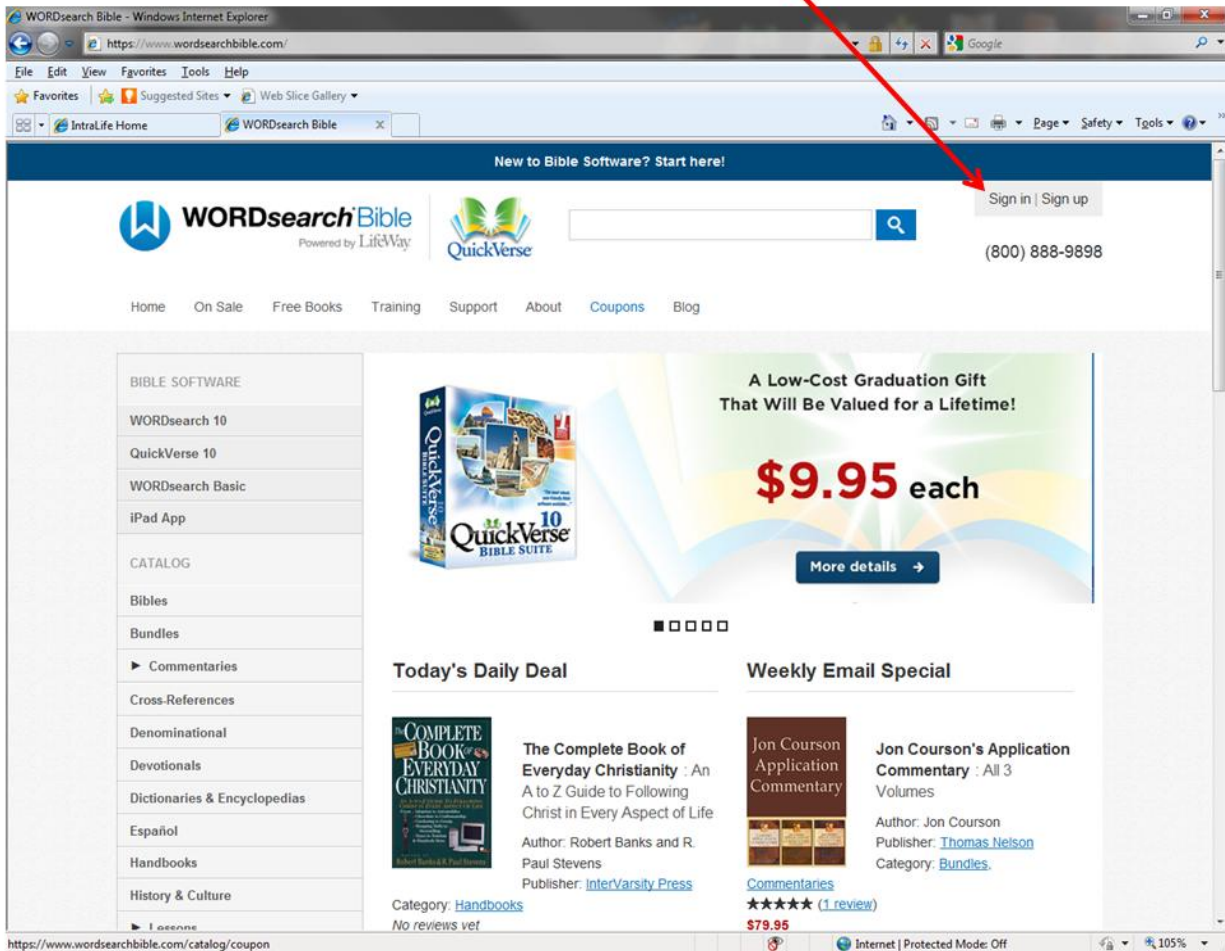

- 3) So you don't get confused and install the wrong install we need delete the old Download. In the Finder window again, Select downloads on the left from “Favorites” or click “Go” dropdown menu from the top of your screen and choose “Downloads”  
Locate the “Setup” folder, right click the “Setup” folder and “Move To Trash”

4) Access your WordSearch Account on our website [www.wordsearchbible.com](http://www.wordsearchbible.com) to get a new download.

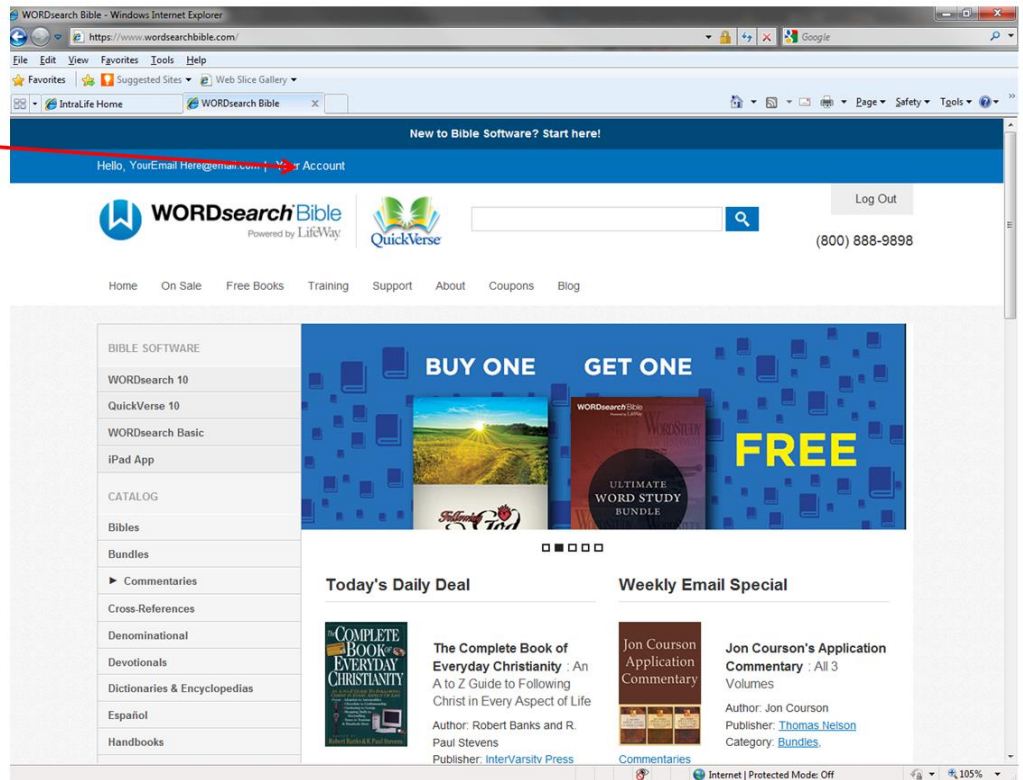

## Step 1: Please Select Sign In

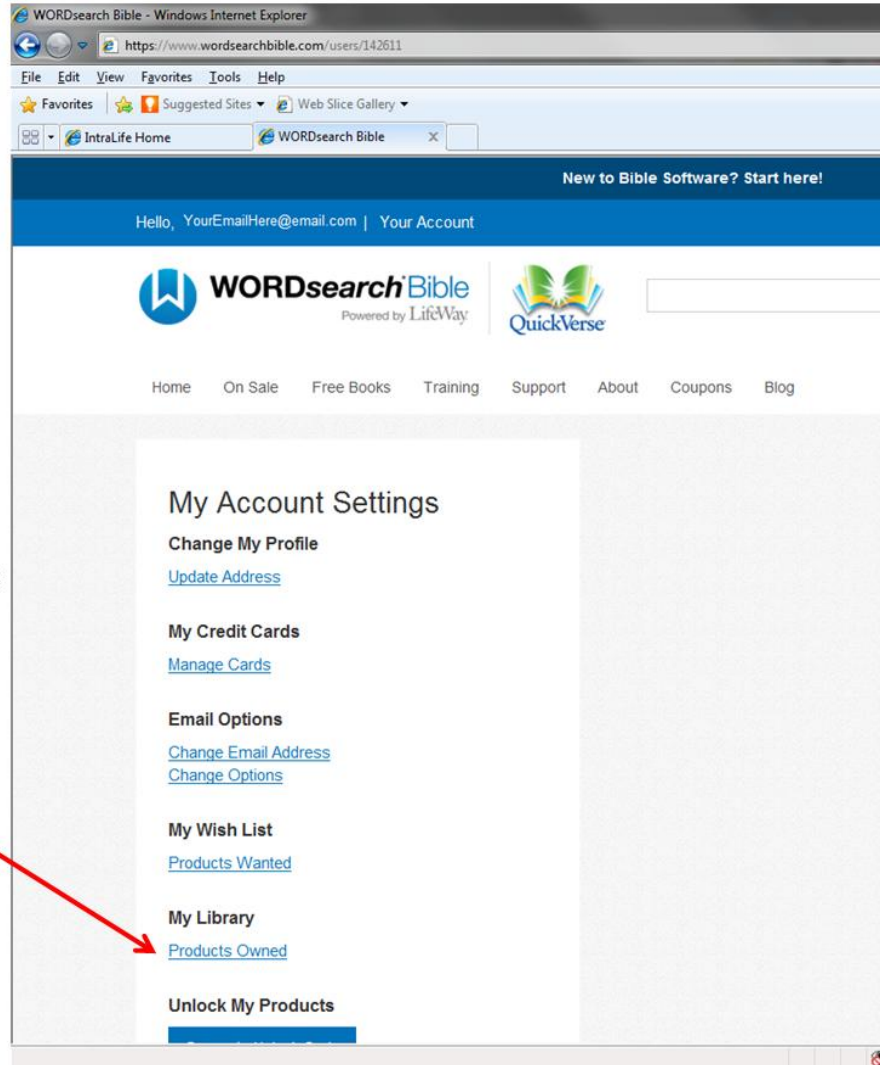

The screenshot shows the WORDsearch Bible website in a Windows Internet Explorer browser. The address bar displays <https://www.wordsearchbible.com/>. The website header includes the WORDsearch Bible logo, the QuickVerse logo, a search bar, and a "Sign in | Sign up" button. A red arrow points to the "Sign in | Sign up" button. Below the header, there is a navigation menu with links for Home, On Sale, Free Books, Training, Support, About, Coupons, and Blog. The main content area features a promotional banner for "A Low-Cost Graduation Gift That Will Be Valued for a Lifetime!" with a price of "\$9.95 each" and a "More details" button. Below the banner, there are sections for "Today's Daily Deal" and "Weekly Email Special". The "Today's Daily Deal" section features "The Complete Book of Everyday Christianity" by Robert Banks and R. Paul Stevens, published by InterVarsity Press, with a price of \$79.95. The "Weekly Email Special" section features "Jon Courson's Application Commentary" by Jon Courson, published by Thomas Nelson, with a price of \$79.95. The website footer includes the URL <https://www.wordsearchbible.com/catalog/coupon> and the text "Internet | Protected Mode: Off".

Your Account

Step 3:  
Click on Products  
Owned in the  
Account Settings  
Page.

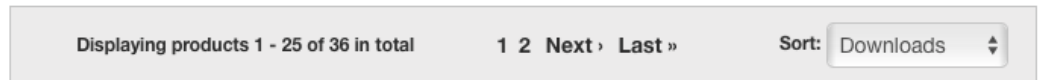

**Step 4:**  
Click on the Sort  
and select the  
Downloads selection.

## Owned Products

**Step 5:**  
Click the "Download"  
button under the  
version for your Mac.

This will download a  
"Setup" that should  
be found in your  
"Downloads" folder.

Once downloaded, go to your Downloads folder on your computer.  
Open the “Setup” folder and Run the “Setup.mpkg” file (If you get a “unidentified developer”, Right click the “Setup.mpkg” and choose “Open”. (this should bypass that issue)  
Go through the normal installation and the program will be back in your “Applications” directory.
